Experience

Lead Brand Product Designer

Feb 2026 - Present
USA, Remote

Alty · Full-time

- Led a team of designers in the development of B2B brand materials.
- Engineered a token-based design-system architecture.
- Built modular asset constructors in Figma for social media and B2B presentations for nontechnical stakeholders.
- Optimized design-dev handoff with AI-assisted workflows to reduce delivery debt.
- Crafted visual solutions for multi-channel campaigns.

Founding Designer

Jun 2025 - Present
Berlin, Germany

Farba Booking · Self-employed

- Led design vision and strategy from concept to MVP across UX, product strategy, and branding.
- Supported development with handoff, prototyping, and implementation-ready specifications.

Brand Designer

May 2023 - Nov 2025
Kyiv, Remote

LUN · Contract

- Designed brand identity guidelines and a modular asset constructor in Figma for social media.
- Delivered assets and animations.

Brand Designer

Aug 2021 - May 2025
Kyiv, Remote

UTC FILM Creative Agency · Contract

- Led design direction for a B2B website redesign.
- Facilitated cross-team workshops to align strategy during fast campaign cycles.
- Art-directed and built cohesive brand identities and marketing systems.

Growth Designer, Marketing Designer

Jul 2018 - Jul 2021

Kyiv

LUN · Full-time

Collaborated with designers, developers, marketers, analysts, product managers, and founders across 10 countries.

- Drove growth design for the LUN Misto air quality map, apps, and widgets, contributing to 230% growth.
- Led UI/UX development of the inclusivity award-winning Comfort Map.
- Mentored designers and supported team capability growth.
- Created marketing campaign UI, B2B lead magnets, and loyalty campaign assets.
- Contributed to LUN brand redesign and gave a university lecture on design-frontend collaboration.
- Designed end-to-end HR CRM workflows that reduced onboarding time by 40% and manual HR workload by 60%.
- Reached 100% employee self-service adoption across teams in 10 countries.
